

BIRGITTE-EVELYN

Birgitte-Evelyn er autodidakt kunstmaler. Født i 1968 og uddannet som Civiløkonom.

Med en tidligere baggrund som eliteudøver i den kropsfikserede sport, bodybuilding og Fitness, har det været naturligt for hende at fastholde fascinationen af kroppens kraftfulde udstråling.

Fascinationen udtrykkes nu i det maleriske billedsprog. Billederne kan karakteriseres som en form for moderne figurative motiver.

Med udgangspunkt i kvindelivet og de mange roller kvinderne har i vores samtid; karrierekvinde, hustru, mor m.v., bestræber Birgitte-Evelyn sig på, i et malerisk udtryk, at genfinde, bevare og skildre kvindens egen lyst til at være kvinde i alle sine sensuelle afskygninger.

Billederne spænder over et bredt sensuelt og erotisk tema og udtrykker mange facetter. Tankerne leder en hen på ord og følelser som kærlighed, inderlighed, lidenskab, råhed, ironi, forargelse og et strejf af humor.

Birgitte-Evelyn is a self-taught artist. She is born in 1968 and is a graduate of Economics and Business Administration.

As a former elite practitioner of the very body-conscious sports; bodybuilding and fitness training, it has come natural to her to maintain her fascination with the human body and its powerful magnetism.

This fascination now manifests itself in her paintings. The paintings can be characterized as having a form of modern, figurative motifs.

Based on female life in a general sense with its multitude of roles for the modern woman; wife, mother, career woman etc., Birgitte-Evelyn strives to artistically rediscover, preserve and depict a woman's own desire to be a woman in all its sensual aspects.

The paintings cover a wide range of multifaceted sensual and erotic themes. They call to mind thoughts and feelings of love, intimacy, passion, rawness, irony an indignation with a touch of humour.
